# Crafted for the Passionate

## DMP-A10

Our flagship all-in-one streamer/DAC/preamp, combining exceptional performance with refined usability. Celebrated globally by audiophiles and experts, it has garnered numerous top-tier awards.

# Crafted for the Passionate

DMP-A8

A professional-grade audio hub that unites streaming, decoding, and preamp functions in one unit. With a host of global awards to its name, the DMP-A8 delivers stunning sound quality and exceptional versatility.

# Crafted for the Passionate

DMP-A6 Gen2

A next-gen version of our iconic player, now upgraded across the board. With enhanced performance, richer features, and even better sound, the DMP-A6 Gen 2 is the ideal heart of your HiFi setup.

# Eversolo AMP Series

## AMP-F10

A flagship stereo power amplifier built for serious performance. Delivering up to 950W bridged output and 320W per channel at 4 ohms, with ultra-low total harmonic distortion of just 0.008%, the AMP-F10 captures music in its purest form.

# Eversolo Play Series

## Play Standard & CD Editions

Designed for music lovers, the Play Series integrates DAC, amplifier, and streamer into one elegant unit. With its intuitive operation and minimalist design, enjoying high-quality music has never been easier.

# Factory

## SMT

Our SMT (Surface Mount Technology) production line is equipped with state-of-the-art machinery

## CNC machine

Our CNC (Computer Numerical Control) workshop houses advanced equipment for complex mechanical parts

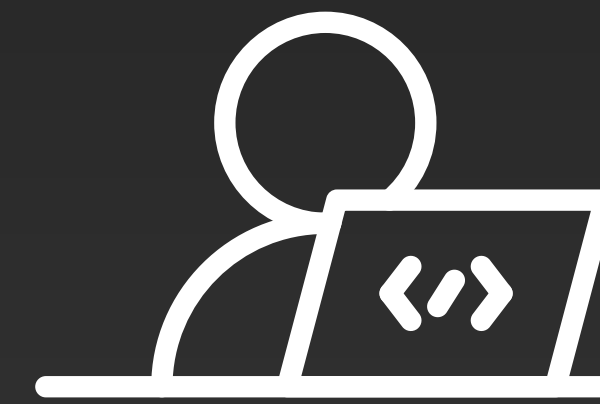

## Assembly line

Our production lines adhere to global manufacturing standards

# Elite R&D Team

We boast a strong R&D team and an 80 members, composed of hardware engineers, software engineers, UI/UX designers, algorithm engineers, structural engineers, and testing engineers, among others.

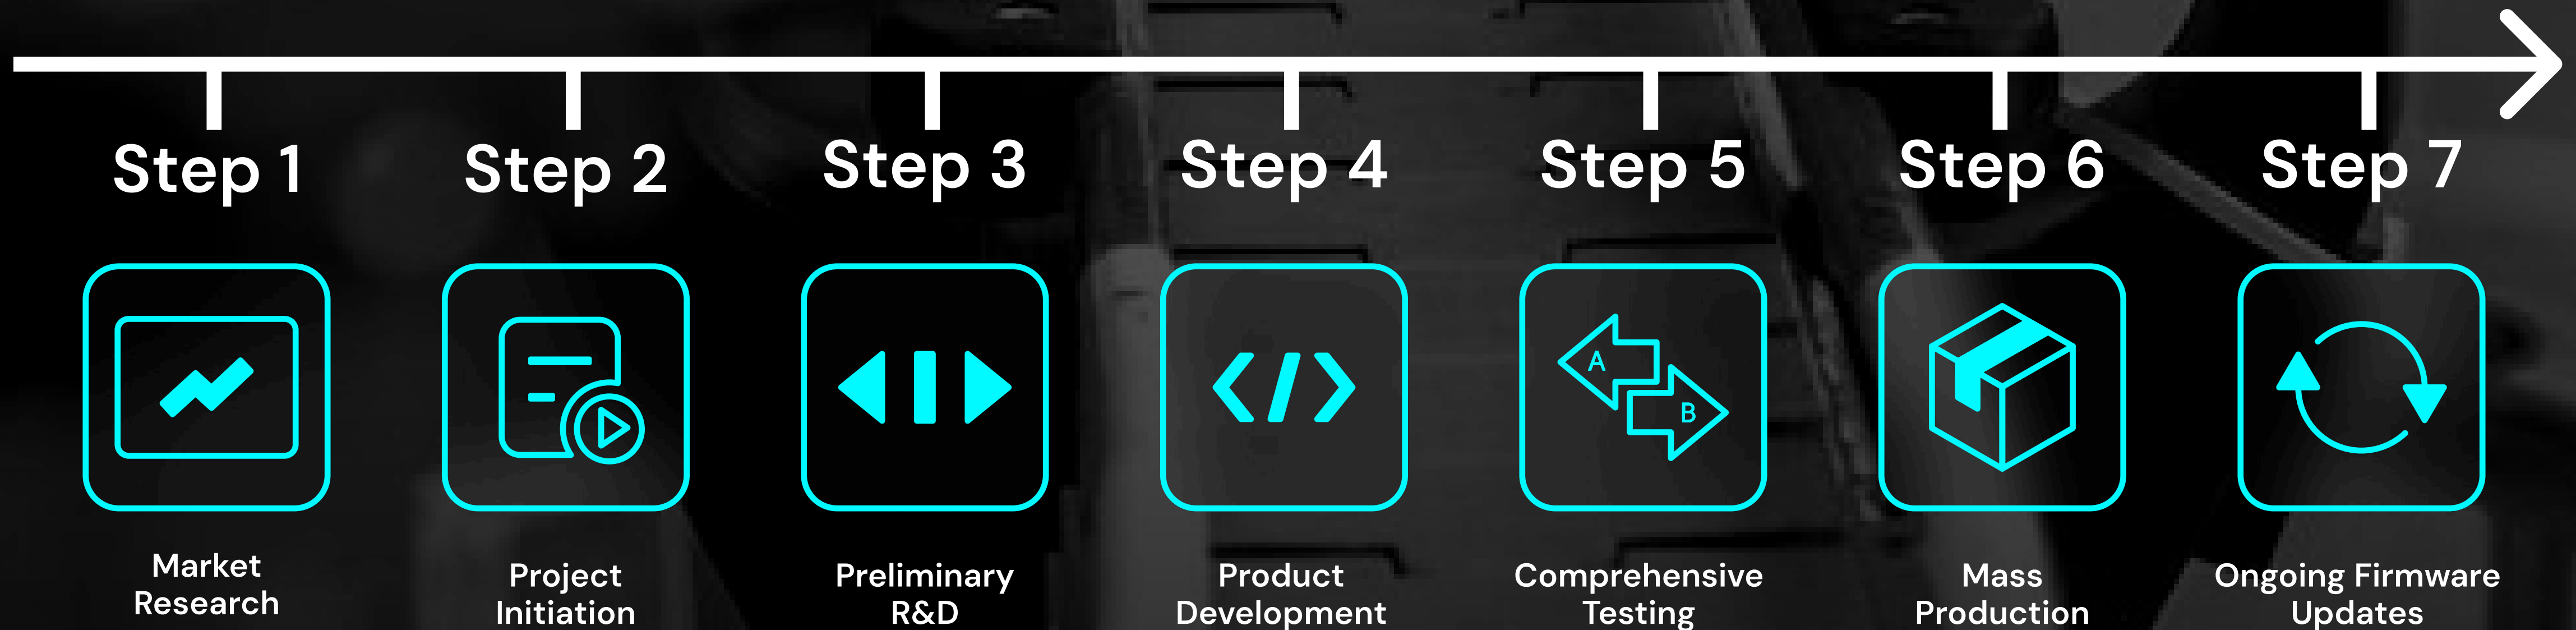

**80**  
**Engineers**

# Product Development

A rigorous 1-2 year developing cycle for market-shaking products, including:

# Professional Audio-Video Testing Environment

**Home Theater  
Room**

**High-Fidelity  
Room**

**Several APx555  
Audio Analyzers**

# Technical Patent

Years of R&D expertise have yielded a robust patent portfolio, including:

Intelligent High-Matching-Rate Video Library Matching Method.

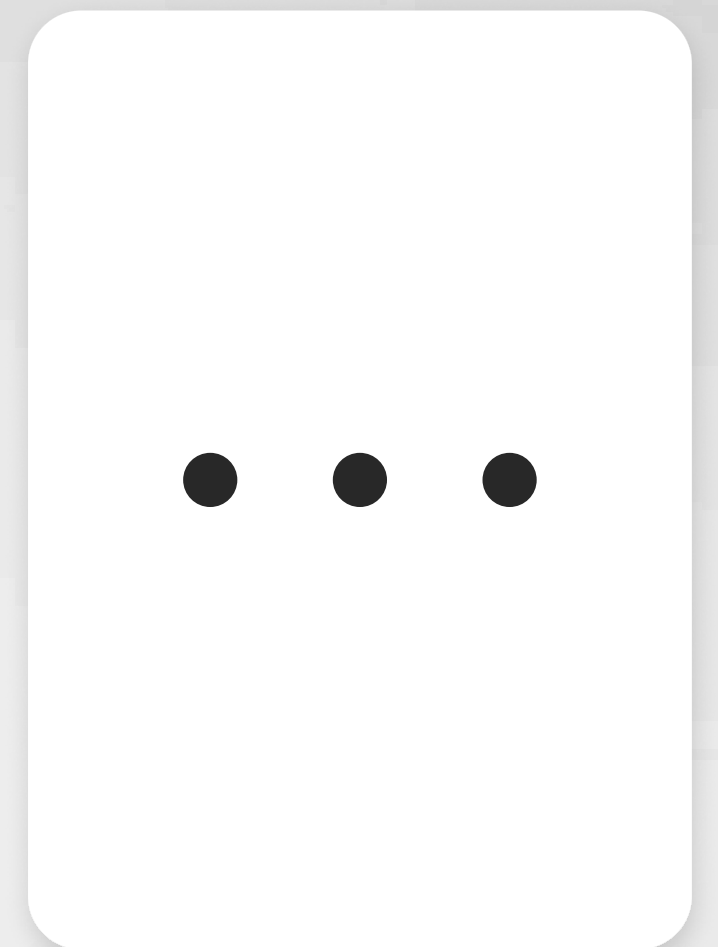

Touch-Interactive HDMI IN Display & Processing Method

Intelligent Media Playback System & Control Method

Deep Learning-Based Audio Content Security Detection System

# Sales Area

# Trophies & Awards

Our products have earned an unrivaled reputation, bolstered by a prestigious array of awards from both digital and print media. Notable accolades include multiple EISA "Best of the Year" honors, widely regarded as benchmarks of excellence in the audio-visual industry—alongside consistent 5-star ratings from leading global publications and "Most Popular" distinctions bestowed by renowned YouTube influencers.

# Audio Show

Eversolo showcase at High End Show annually, offering face-to-face meetings with distributors, dealers and media professionals.

A background image showing a rocket launch. A rocket is ascending vertically, leaving a white plume of smoke and fire. In the background, a tall, lattice-structured tower, similar to the Space Shuttle External Tank and Solid Rocket Boosters, is visible against a clear blue sky. The overall scene is bright and clear.

# EVERSOLO

## **Eversolo's Innovative Vision**

Looking ahead, Eversolo will continue pushing the boundaries of audio technology, delivering unparalleled listening experiences and driving innovation in the industry.

## **Building the Future**
